# AGGIES HELPLESS BEFORE MIDDIES

Outclassed Both in Skill and Weight by Uncle Sam's Coast Defenders.

Annapolis, Md., October 25.—On a muddy field this afternoon the football men of Maryland Agricultural College were helpless against the weight, strength and all-round good work of the midshipmen, and lost by a score of 76 to 0, the largest score the navy team has run against an opponent for a number of years. Both in skill and weight the visitors were hopelessly outclassed, and many of them suffered severely from the pounding they received. Knode and Shipley were put out of the game on account of injuries.

The Navy used such big husky backs as McReavy, Harrison and Blodgett for its most telling gains, though several times Leonard got around the flanks for nice runs. They also had more success with the forward pass plays than previously this season, three of the touchdowns being made on these plays. The middles also showed improvement in their goal kicking after toughdowns, ten of eleven attempts being successful.

Quakers, Outplayed by Carlisle Indians, Tie Score Through Sensational Sprint.

Chicago. October 25.—Pete Russell, Chicago University's quarter back, to-day wrecked Purdue's hopes for the conference championship. His two drop kicks scored the only points in a hard-fought game, which the Maroons won, 16 to 0. of 7 to 7. The Quakers were outplayed every minute, and made but a single every minute, and made but a single every minute, and made but a single first down, while the redskins gained almost at will. The Indians gained the sum of time to score.

The result of the game and the tie to which Purdue held Wisconsin last week makes Chicago favorite for premier honors in the "big nine."

of 7 to 7. The Quakers were outplayed every minute, and made but a single first down, while the redskins gained almost at will. The Indians gained the sum of the Indians and a wonderful run by Marshall, who caught the Indians (ick-off at the beginning of the second half, and, after fumbling the ball, recovered it and ran eighty yards for a score. The Indian line outplayed the heavier Quaker forwards. Every time the ball was snapped the Indians got the jump on their opponents.

BYPITSBURGHERS

As the game progressed the Quaker attacks grew weaker, until the last few minutes, when a succession of forward passes were tried, but to no avail. The Indians scored their touchdown toward the end of the first period. Getting the hall at middleld, they rushed it straight down the field without losing it, and in ten plays had scored. Guyon making the goal. Half a dozen times the Indians had the ball within striking distance. The redskins were very aggressive, and were penalized four times for a loss of forty yards. Pennsylvania was not penalized once.

Dr. L. R. Wiggs, of the faculty of the Medical College of Virginia, received a telegram from the University of North Carolina last night stating that they would be glad to play the Medicos either in Raleigh or Durham, but that it would be impossible for them to play in Richmond. The game, if they play, will be played on November 20.

they play, will be played on November 20.

Dr. Wiggs stated last night that the game would be played in Raleigh if the terms offered are satisfactory.

This game was made possible because the University of North Carolina canceled the game scheduled with A. & M. on that date.

Since there is a lapse of nineteen days between the game with Washington and Lee and the game with Visignia on Thanksgiving Day, Carolina is anxious to fill in the date with some strong team.

If this game cannot be arranged, Carolina will try to arrange one with either Wake Forest or Davidson.

# to be proud of. Such a price for such a car is proof of maximum efficiency at the Paige plant, and factory efficiency establishes the efficiency of the car. We believe we could sell every Paige car we have been allotted for this year, at \$1500. We could get that price on the size and looks of the car, on its power and comfort, on its construction and equipment. And we would have nothing but satisfied owners. But the price is \$1275, plus the freight, and you buyers win. There are reasons a plenty for the excellence of the Paige product and the unusualness of the Paige under-price. Absolute financial independence, freedom from debt, freedom from bonds, freedom from preferred stock, economy of management, advantageous buying of parts, material and equipment due to quantity pur-

chases and financial standing; these and more are obvious reasons. Paige "36" equipment is complete in every detail, and all of the highest class, including: Gray & Davis large unit electric starting and lighting system; ventilating windshield built into body; silk mohair top, tan lined; Jiffy curtains; Stewart revolving dist speedometer; 12 inch electric head lights; electric side lights flush in dash; 5 demountable rims; Goodyear, Goodrich or Diamond tires, with non-skid in rear; Bosch magneto; adjustable foot rail; nickel robe rail; extra tire irons; licenze brackets; electric horn, pump, jack, tools, tire repair outfit, etc., complete.

F the Paige "36" was priced at \$1500, it would still be an exceptional value. The fact that the price is only \$1275 is something for the Paige purchaser
